FAQ’s:

Who are the organisers? The club’s competition committee (ASGD) runs the Open under the auspices of the Tunisian Golf federation and IPPA

Is the course suitable for P&P? The 9 hole Acacias golf course has been adapted to an 18 hole lay-out which conforms to IPPA Regulations specifications. P&P competitions are played there regularly to the satisfaction of all concerned and the greens are of excellent quality!

Travelling with golf bags can be expensive! Some players share a bag; others rent material in Djerba. Air France and Tunisair carry golf bags free of charge.

Will we have time to visit? This is why we recommend stays of at least a week. With week-end competitions and short stays it is often frustrating not to have time to visit.

Is there a language problem? No, not if you can get by in Arabic, French or English ☺

Transport and Accommodation:

Players are responsible for making their own arrangements but we can advise. Packages from France, (Paris, Marseille, Nantes, Lyon, Toulouse, Nice, etc.), are available for stays of one week at less than 500€ per person sharing a double a room, including flight, fully inclusive board + open bar. Players from Spain, Portugal & Italy can fly via Paris or Lyon, if they can find suitable connecting flights.

Similar packages are available from Belgium and Germany, but prices vary from operator to operator.

We recommend these hotels close to the golf club: Royal Garden, Ibérostar, Yadis, Vinci Hélios Beach, . . .

Booking.com offers some good packages, with no cancellation costs but without flights; these can be found on googleflights or liligo, but again, prices can vary enormously.

N.B. : As soon as you have booked your stay, send the details to : info@francepitchandputt.com and we will register you for the competition.
